

ROGERS VP Report MAY 2017

Hello Brothers and Sisters.

The Company says they are still on track for the Operations Department move in December, and with this come a few questions as we will be working side by side with Local 79M, with the biggest question being the sharing of duties.

We hope to address that soon as the company would like to meet to discuss this and we also want to meet with Local 79M to also discuss before negotiations start.

Roger's HR team has changed. Michael Goldsmith, the Senior manager has now been promoted to the big boss.

With this they have added another person, Erin Harrison who is now in charge of the production side of Omni/ City. Danielle Spagnoulo is looking after the Operations side of Omni/City.

Angelo and I met with them a couple of weeks ago, we had a great chat, and we brought up some concerns that we had.

The Bargaining committee met for the first time and we put together a Survey for members, which has been sent out, it's a great tool to get to know what the members concerns are and what's important to them in the upcoming bargaining.

With Media Council in June, the 2nd Organizing Forum and Canada Council in August, and Negotiations starting in July it's going to be a very busy summer and Fall, and I am looking forward to it.

Thank you

Carl Davis

VP Rogers/Omni Operations Unit.
